DESCRIPTION

Infinity Blue 1 is a unique villa that you can find in Mykonos. In an elevated position between the beaches of Super Paradise and Agrari, this gem was built by architect Edward Tuttle, founding designer of the Aman brand, all in a position that affords panoramic views over the south coast of Mykonos and the neighboring islands.

The magnificent villa rental boasts stunning exteriors and interiors. The main outdoor area of the property is in the aptly named 'Playhouse' unit, which serves as a central gathering place for guests to party, have fun and relax. A large pergola stretches along the side of the building, covering the always stylish lounge area and outdoor dining table, equipped with a BBQ, table tennis or table football. A few steps from the pool terrace is a magnificent heated swimming pool and a few steps from the built-in heated jacuzzi.

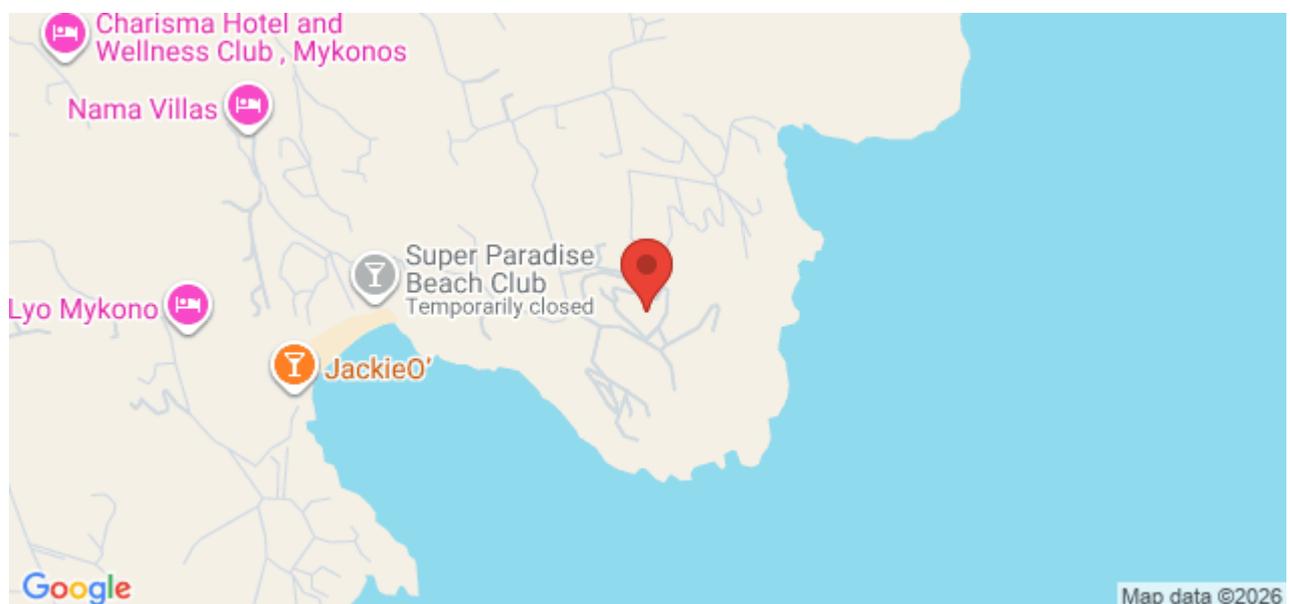

The same playhouse also owes its name to the interior spaces, which house a lounge area, the property's central farmhouse kitchen and indoor dining area. The real treat of the unit, however, is the home cinema with its 4m wide screen, surround system and a preloaded library of 700 films, which can also be accessed on the flat screen TVs found in each suite. Enjoy comfort and style in one of the 5 beautifully appointed large double bedrooms, each with en-suite bathrooms and an adjoining sea-view single bedroom with en-suite bathroom.

The master suite is totally independent and measures 120 square meters divided into living area, bedroom and en-suite bathroom, while the remaining suites are part of a more traditional structure and are all furnished to the same standard. The attention to detail and the quality of materials used throughout the property set standards that are rarely matched on the island.

Just 800 meters from one of the most dazzling beaches on the island, the unique luxury villa is the ideal option for those who long for luxurious moments in a natural beauty environment.
